Electronic Health Records – MedlinePlus Connect	Question - how do can we get involved & promote MedlinePlus in our institutions?	

TOPIC	DISCUSSIONS/RECOMMENDATIONS	ACTIONS TO BE TAKEN
	<ul style="list-style-type: none"> • Suggestions were to approach and explain the costs savings to public relations & marketing department • Become a member of your patient education committee or talk to those in your patient education department • Find out if your EHR vendor includes MedlinePlus Connect in the patient record • This is a way to demonstrate meaningful use and is important in patient safety • Another suggestion is be added to you IT dept. email list • Michelle Burda used a ppt. slides to demo how information from MedlinePlus Connect might look 	<p>Lunch with RML- we could bring in an IT person who has implemented MedlinePlus Connect in an institution, org. or hospital</p>
<p>E- licensing initiatives – Group consortium</p>	<p>Question –what are the advantages and how do we promote this to other libraries in our region?</p> <ul style="list-style-type: none"> • Better pricing and one invoice • Promote this service by inviting Rob Macke to speak about his project, He is the PI for the MAR funded Health Sciences Library Association of New Jersey (HSLANJ) Group Licensing Initiative (GLI). Robb is working to expand group licensing of low cost, evidence-based electronic resources to hospital libraries in MAR 	<p>This could be either a Boost Box or Lunch with an RML session</p>
<p>Clinical librarianship</p>	<p>What does embedded mean to a hospital librarian and how can this be achieved with limited time and means?</p> <p>Suggestions and discussion followed where you can go with this – offer your services to the following departments:</p> <ul style="list-style-type: none"> • pharmacy, nursing, pt. advocacy, social workers • Look at your hospitals mission • Mentor hospital librarian you would go there or have the librarian come to your hospital or institution 	<ul style="list-style-type: none"> • MAR grant for professional development may be given to cover costs for travel • A Lunch with RML or Boost Box Session- How embedding is possible – doable- give examples – how to’s. Invite one of our

Education/Training opportunities for hospital librarians	<p><i>Health Information 101 class</i> by Maura was suggested to be offered MAR members. The name of the six week American Library Association course she developed and taught is: “Health Information 101” – here’s the link. http://www.ala.org/rusa/development/healthinfo . The final week focused on business of healthcare. The class was developed with the public librarian in mind, however, the class is open to anyone and she had medical librarians enroll. Here are the fees:</p> <ul style="list-style-type: none"> • \$130 for RUSA members • \$175 for ALA members • \$210 for non-ALA members • \$100 for student members and retired members <p>This then led to the discussion on how to provide information to librarians on the business aspect of running a library. It was suggested that as a group we would develop a class. Maura and Helen-ann will begin the outline for this.</p>	<ul style="list-style-type: none"> • Funding for our members to attend or participate may be available • MAR would sponsor a webinar on the affordable care act /patient protection act and invite someone from Pitt to be our guest speaker • Hospital SAG grp. Will explore and develop a “how to run your library like a business class” or “business 101 for librarians
Quality initiatives – Evidence based practice	<p>Question –what do we mean by this?</p> <p>A discussion followed as to what ways we can be involved in our institutions. Suggestions were to become involved or part of the QI committee, patient safety, transitional care at the bedside (TCAB process), Magnet designation process Set up PubMed alerts for patient ed. grps, physicians,</p>	<p>Look into offering a MAR/RML boost box session on the national models of best practices- AHRQ</p>
Disaster/Emergency Preparedness	<p>Question- who do we outreach to & does this include our librarians?</p> <p>Outreach includes not only to those in the hospital or institution but to healthcare professions in community-first responders, paramedics, ER’s</p>	<p>Boost Box Session- DIMRC Resources, NLM resources, mobile apps Invite speaker – Shibon to discuss</p>

TOPIC	DISCUSSIONS/RECOMMENDATIONS	ACTIONS TO BE TAKEN
<p>Consumer Outreach</p>	<p>Question – what is the hospital librarian’s role in consumer outreach? Who are you outreaching to?</p> <p>Discussion:</p> <ul style="list-style-type: none"> • Outreach to patients & families or to the community outside of the hospital • Bring in speakers/ expert to your institution for a program or workshop. You & your hospital are to be recognized as the sponsor. • Promoting Clinicaltrials.gov NLM initiatives – both to consumers & (professionals, researchers) • Volunteer as a speaker for your institution’s speakers bureau 	<ul style="list-style-type: none"> • Provide funding to a hospital library to promote a program for consumers. This might include the costs of having a speaker, promotional materials, advertising • Boost Box Session – Clinicaltrials.gov- promote to researchers • Exhibit awards librarian would exhibit for NN/LM librarian assistant conferences in their region
<p>New Roles</p>	<p>Discussion: Outreach to nursing dept., nursing schools. Develop & teach a ppt. class (designing for ppt. presentations, poster presentation, & research projects.)</p> <p>Need to develop guidelines for determining how involved you will be & boundaries important.</p>	<p>Look at possibility of Boost Box Session or Lunch Series- “How to” creating ppt. presentations, posters etc.</p>
<p>Adjournment</p>	<p>Michelle Burda adjourned the meeting at 11:45 pm</p>
