Executive Summary

1. The course would consist of Dr Sander's speaking about how Every Patient Tells a Story and Utilization of the Library.
2. Anyone
3. HSLANJ & Random House
4. Celebrating HSLANJ's 40th Anniversary with a speaker

Minority Populations Served

African Americans: No
American Indians/Alaska Natives: No
Asian Americans: No
Hispanics/Latinos: No
Native Hawaiians and Pacific Islanders: No
Other: No

Approaches and Interventions Used

1. This course will help NJ librarians come away with a new appreciation for the enormous complexity of the human body and the doctors who face its challenges and how the library plays a role in the challenges the doctors' face.
2. Have Dr Sanders Agree to Speak, Sign contracts with Dr Sander's Publisher, Arrange for transportation to the event for Dr Sanders, Have her Speak, Arrange for transportation from the event.

Evaluation Activities

The program was evaluated by the attendance and the positive comments I received.

Problems or Barriers Encountered

Small problem was that there was no way for the speaker to advance her own slides since they had a projection table.

Continuation Plans

The organization will continue to have speakers like Dr Sanders

Impact

The impact will go very far since all the attendees as well as HSLANJ members will receive a copy of the book. Once the attendees have read the book, they will recommend the book to others in effect spreading the word that 'Every patient tells a story'.

Lessons Learned

Every one enjoyed the program especially the speaker. Numerous comments were made wondering how I found such a great speaker.

Other

NA
